

BUTTER SOFA SERIES

Butter Sofa Soft

Down-filled seat is one of the most significant upgrades in this Butter Sofa Soft. It offers a superiorly soft seating comfort, always inviting people to have a recumbent enjoyment.

We have been exploring on brand-new possibilities: the sofa for living room with fireplaces and for negotiation area in work space; the pouf of different sizes also serving as footstools or side tables; and the modular set, used separately or together, meeting various needs. You can always get what you want from grado no matter where you live -- apartment, studio, house, or villa.

Butter Family embodies the contemporary furniture style. This minimalist-designed series, with exquisitely stitching, brings about pure sink-into comfort.
